Good Habits Wake Up Early

Hello! My name is Luong. Today I will do the narration for one of my good habits.

Every day I wake up early. I always wake up around 6 am. It's a very good habit to wake up early. It is good for me and everybody.

When you wake up early your family will say good things about you. You just wake up early, and you feel so strong. Then you can go to school on time, and you aren't late for class. If you don't wake up early, you will feel so tired, and you can't do your daily exercise in the morning.

So please don't forget to wake up early.

See you later.

My name is Luong. I'm 10 years old. I'm Vietnamese. I'm a Mover. I'm learning English at REMISOL. My teacher is Mr. Remi.

Thank you for reading, listening and watching.
